Loners on Wheels is a club that was formed more than 50 years ago. Our founder, Edith Lane had a vision of a club for campers and travelers that were single. So much of the world, at that time, was geared toward couples and she felt that singles might like to have traveling companions with which to share meals, campfires, laughs, hugs, travels and fun. Since that time, many other singles camping clubs have followed her lead.

Our club has chapters all over the country and events scheduled everywhere, year-round. We own an RV park in southern New Mexico which acts as a gathering place for members as well as all other travelers. You can check out our facility at the LoW Hi RV Ranch web page.

When circumstances in life find us alone for whatever reason, it is a comfort to know there are others 'in the same boat'. There is no reason to go it alone any more. Why not join us in this adventure? We look forward to having you aboard.

# Single RV-er? Why go it alone?

Join us-Loners on Wheels (LoWs)-for camping, traveling, Rving, information, and great food: all of this with other single Rvers. Established in 1969, LoWs provides a new family of friends with a unique and common bond-that of being single and enjoying the RV lifestyle. We are an organization with chapters across the United States, which host campouts and other gatherings. Members receive a semi-monthly newsletter which provides information about other members and all scheduled campouts and gathering which includes games, campfires, dancing, potluck dinners, sightseeing, hugs, fun and much more. We are not a dating service!

Why LoWs Give Hugs?

## HUGGING

### IS GOOD MEDICINE

It transfers energy and gives the person hugged an emotional lift. You need four hugs a day for survival, eight for maintenance, and twelve for growth. Scientists say that hugging is a form of communication because it can say things you don't have the words for. And the nicest thing about a hug is that you usually can't give one without getting one.
